KEN HOLDING CO., LTD.

COMPANY PROFILE

20 YEARS PROFESSIONAL ELECTRIC POWER TOOLS ENTERPRISE

Ken Holding Co., Ltd., founded in 2000, and headquartered in Shanghai, is focusing on the R&D, Manufacturing and Sales of professional electric power tools. For more than 20 years, KEN has given full play to the advantages of technology and human resources in Shanghai, integrated high-quality R&D technology in the global power tool industry, won many honors and titles such as "China Famous Brand", "High-Tech Enterprise", "Shanghai Famous Trademark", and was successfully listed in 2010 (Stock code: 300126), becoming an extremely influential well-known enterprise in China's electric power tool industry.

CRAFTSMANSHIP AND QUALITY FIRST

KEN always adheres to the brand concept of "craftsmanship and quality first", guarantees the quality of products with strict production and quality control standards, and committed to providing users with high-quality power tools. Relying on outstanding quality, KEN has not only won unanimous recognition and industry honors in the Chinese market, but also actively deploys the global market. KEN products are exported to more than 60 countries and regions overseas. The brand reputation of domestic products has also won the respect and cooperation of many international power tool companies.

EMPOWER USERS TO CREATE VALUE

KEN pursues the corporate philosophy of "sharing the joy of work", continuously provides users with high-efficiency power tools and wholeheartedly empowers users to achieve a more efficient and easier work experience and create higher work value.

MAJOR AWARDS AND HONORS

- ◆ National High-Tech Enterprise
- ◆ National Intellectual Property Advantage Demonstration Enterprise
- ◆ China Excellent Private Technology Enterprise
- ◆ Shanghai Famous Trademark Brand
- ◆ Shanghai Science and Technology Enterprise Innovation Award

All New 21700 Lithium-ion Battery Line

ICS Intelligent Control system

Professional communication protocol technology design, to achieve communication and exchange data with the host, charger, to prevent battery overcharge, overdischarge, overload, overheating, all-round safety protection, greatly improve the battery life

PCB Protective Coating

Effectively prevent water condensation and damage to the print circuit board

Battery Cell

High capacity
21700 cell

4 LED light fuel gauge

High Capacity Cell

Waterproof Design

The deflector directs water from the PCB to the deflector hole

Optimized Electrode Design

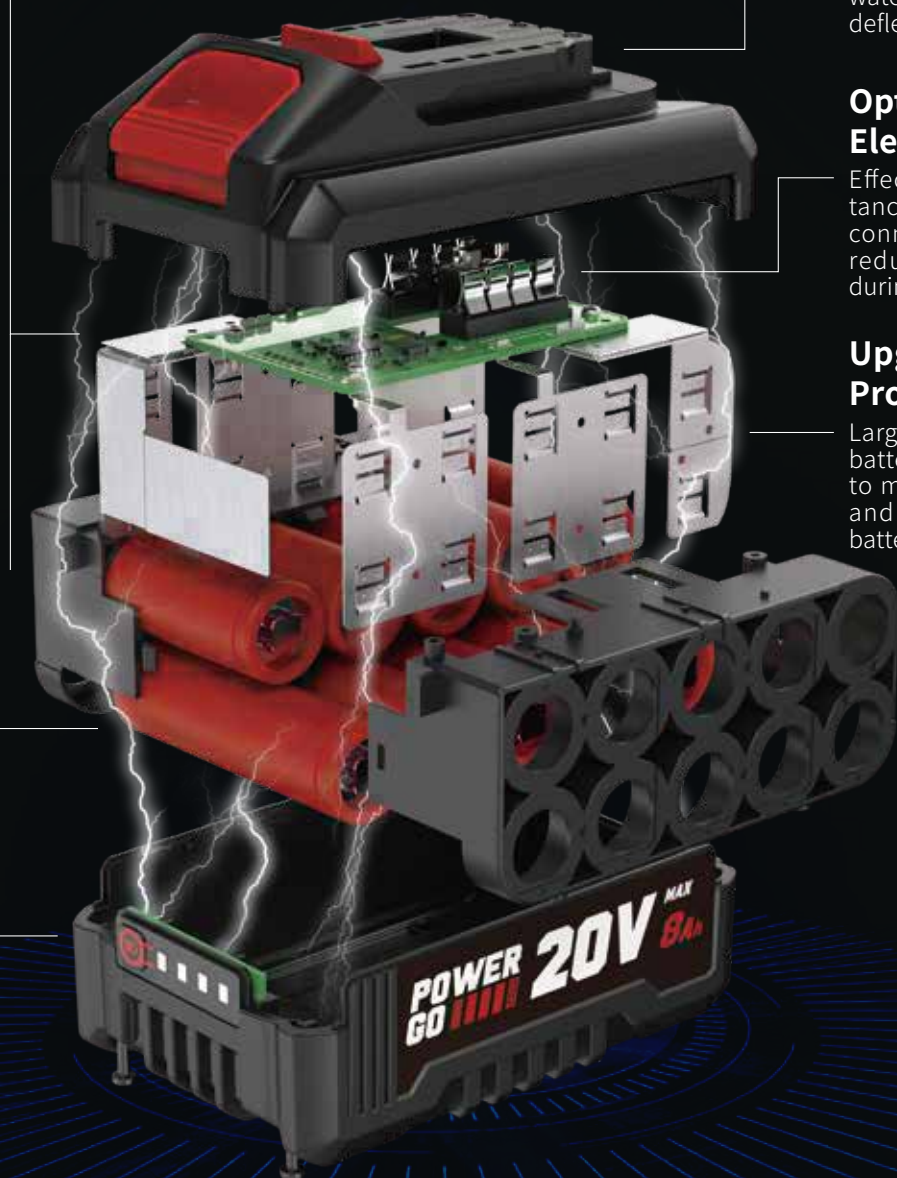

Effectively reduce resistance, improve electrical connection stability and reduce heat generation during working

Upgraded Battery Protection Scheme

Large area low resistance battery connection piece to meet high-power use and effectively help the battery heat dissipation

Shock Absorber Separator

Absorb the shock caused by external impact, and protect the stability of the battery pack structure

**POWER

MAKING THE WORLD GO AROUND

20V Lithium-ion Cordless Line

13mm Full Metal Chuck

High concentricity, drilling and screwing are more accurate. With locking chuck, high-speed operation without deformation and drilling without falling off

Fully Automatic Lock Chuck

More convenient to replace drills and bits

YL113 Aviation Aluminum Gearbox

The positioning is more accurate and reliable, the chucks not offset for long time, the service life is increased by 93% compared with the same level of products

High Efficiency Brushless Motor

55N·m high torque, 10% faster speed than similar products, more than 30% higher work efficiency

ICS Intelligent Control system

Optimized non-inductive brushless control technology, automatic adjustment according to different working conditions, more sensitive control, more reliable life, longer working hours

Intelligent Power Supply System

The two-way communication between the battery and the motor achieves an ideal balance of power supply, power saving, safety and long life

Variable Speed Switch

Patented dustproof and anti-ignition design, Service life more than 100,000 times

High Rate Discharge Battery

Discharge rate up to 15C

(Remark: All KEN 2.5Ah, 4.0Ah, 5.0Ah batteries from 20V line are applicable)

BL7220-20C

Cordless Drill/13mm/20V

- High efficiency brushless motor
- ICS Intelligent control system
- 55N·m high torque
- 149mm compact design
- Aviation aluminum gearbox

6038N

Magnetic Drill/38mm/1800W

- Strong magnetic adhesion, accurate positioning
- High overload resistance, effective anti-burning
- Double insulation, safer operation
- Forward and reverse

J3C-SH01-38	Base Size	245x125x80
Max Drilling	38mm	Input Power 1800W
Diamond Bit	38mm(Twist Bit)	Output Power 1290W
	110mm(Hollow Bit)	No Load Speed 135r/min
Voltage	380V	Weight 44kg (Machine)
Magnetic Adhesion	15500N	Standard Accs Tapered Iron, Rope
Chuck Size	Mt4	

6049N

Magnetic Drill/49mm/2000W

- Strong magnetic adhesion, accurate positioning
- High overload resistance, effective anti-burning
- Double insulation, safer operation
- Forward and reverse

J3C-SH01-49	Base Size	220x180x120
Max Drilling	49mm	Input Power 2000W
Diamond Bit	49mm(Twist Bit)	Output Power 1450W
	120mm(Hollow Bit)	No Load Speed 120r/min
Voltage	380V	Weight 45kg (Machine)
Magnetic Adhesion	16500N	Standard Accs Tapered Iron, Rope
Chuck Size	Mt4	

6110B
Diamond Core Drill/110mm/1400W

- Variable speed control
- Copper water injector

Z1Z-SH02-110	
Max Chuck Diameter	110mm
Input Power	1400W
No Load Speed	0-2000r/min
Weight	4.2kg
Auxiliary Handle, Water Pipe, Adapter, Rear Shoulder, Screw, Water Nozzle	

6130
Dimond Drill/15-130mm/1450W

- 10% more power output
- Safety clutch
- Relisble double isolation design
- Overload protection

Z1Z-SH01-130	Base Size	220x130x8
Max Drilling	15-130mm	Input Power 1450W
Voltage	220V-240V	Output Power 1050W
Weight	13kg/11kg	No Load Speed 980r/min
Collet	Spindle thread 1&1/4,M33,M22or other thread options	
Water pipe connector,Wrench		

6180
Dimond Drill/15-180mm/3500W

- 10% more power output
- Safety clutch
- Relisble double isolation design
- Overload protection

Z1Z-SH01-180		Base Size	220x170x10
Max Drilling	15-180mm	Input Power	3500W
Voltage	220V-240V	Output Power	2550W
Weight	23kg/20.5kg	No Load Speed	750r/min
Collet	Spindle thread 1&1/4,M33,M22or other thread options		
Water pipe connector,Wrench			

6200N
Dimond Drill/15-200mm/3800W

- 10% more power output
- Safety clutch
- Relisble double isolation design
- Overload protection

Z1Z-SH01-200		Base Size	220x170x10
Max Drilling	15-200mm	Input Power	3800W
Voltage	220V-240V	Output Power	2550W
Weight	23kg/20.5kg	No Load Speed	700r/min
Collet	Spindle thread 1&1/4,M33,M22or other thread options		
Water pipe connector,Wrench			

6230N
Dimond Drill/15-230mm/3900W

- 10% more power output
- Safety clutch
- Relisble double isolation design
- Overload protection

Z1Z-SH01-230		Base Size	220x170x10
Max Drilling	15-230mm	Input Power	3900W
Voltage	220V-240V	Output Power	2780W
Weight	23kg/22kg	No Load Speed	600r/min
Collet	Spindle thread 1&1/4,M33,M22or other thread options		
Water pipe connector,Wrench			

6250N
Dimond Drill/15-250mm/4000W

- 10% more power output
- Safety clutch
- Relisble double isolation design
- Overload protection

Z1Z-SH01-250		Base Size	220x170x10
Max Drilling	15-250mm	Input Power	4000W
Voltage	220V-240V	Output Power	2850W
Weight	25kg/22kg	No Load Speed	580r/min
Collet	Spindle thread 1&1/4,M33,M22or other thread options		
Water pipe connector,Wrench			

Others

11

8600CE
Hot Gun/2000W

- Temperature adjustable
- High and low wind speed
- Stainless steel nozzle

Q1B-SH04-600	Weight	0.85kg
Two Temperature Setting		
Setting 1	50-480 C	230L/min
Setting 2	50-600 C	380L/min
Input Power	2000W	
Auxiliary Air Tube		

8032E
Air Blower/680W

- 2-in-1 blower and vacuum
- Strong and high-speed wind
- Can be placed horizontally
- Air volume adjustable

Q1F-SH03-3.2A	
Air Volume	3.2m³/min
Input Power	680W
No Load Speed	8000-16500r/min
Weight	1.95kg
Carbon Brush, Blow Nozzle, Dust Bag Combination
